## REQUEST FOR QUALIFICATIONS

### Description of Project

Responses to this RFQ will be used to determine the relative qualifications of various firms to perform the scope of work and the tasks specified. The District is seeking a firm with demonstrated expertise in design engineering and project management consulting with specific expertise in quality assurance/value engineering, construction feasibility review, cost estimating and scheduling. As mentioned previously, the objective of this RFQ is to solicit interest and credentials from qualified professional engineering firms licensed in the State of North Carolina. It is anticipated that an agreement for professional services will be negotiated and executed between the District and the firm who is determined to best meet the needs of the District for this project. All questions regarding this RFQ shall be presented to Chris Hayes at [chris@clevelandcountywater.com](mailto:chris@clevelandcountywater.com).

Site visits are not required; however, if your firm desires a tour of the potential job site you may contact the Project Manager by email at [chris@clevelandcountywater.com](mailto:chris@clevelandcountywater.com) to schedule a visit. All site visits must be completed by August 1st, 2025.

The following deadlines apply to this Request for Qualifications:

<b>Request for Qualification Issued</b>	<b>July 11<sup>th</sup>, 2025</b>
<b>Deadline for site visits by consultants</b>	<b>August 1st, 2025 at 12:00 PM</b>
<b>Clarifications/Questions Deadline</b>	<b>August 8th, 2025 at 12:00 PM.</b>
<b>Statement of Qualification Submittal Deadline</b>	<b>August 15th, 2025 at 12:00PM</b>

### Background

The Town of Grover currently purchases water from The City Of Kings Mountain however, during Hurricane Helene they lost water to half of their customers with the power failures. With a Interconnection with Cleveland County Water, The Town Of Grover will have a second water source to help keep customers in water.

### Scope of Work

- Install vault, meter, and appurtenances for the interconnection
- Design vault and installation of altitude valve at Town Of Grovers 100,000 gallon water tank
- Move meters on Hardin Circle onto Cleveland County Water main line at right-of-way

### Project Description

## **RFQ – Cleveland County Water- Town Of Grover Interconnection**

- The first component is a water system interconnection between the Town of Grover and CCW. This project would allow for better control of the overall water system and correct their issue of being able to fill their tank and/or keeping it full during peak demand periods.
- The second component of the project would be to provide a more resilient water service to customers in the Hardin Circle area. Some customers are currently served by an outdated 1-inch plastic water line routed through the woods with water meters located in their back yards. This project would connect these customers to the CCW water line located in the road and be serviced by new meters located in the right of way.

### **Qualification Statement Requirements**

- 1) All proposing firms must have been professionally engaged in the project management and engineering fields with experiences in water treatment projects of similar size or greater in public sector for a minimum of five (5) years. In addition, all proposing firms must employ qualified personnel, who are licensed and qualified in the following disciplines: civil engineering, environmental engineering, electrical engineering, construction administration, and construction cost estimating/value engineering and project management. These professionals must not only be credentialed, they must be able to demonstrate that they have related experience in the engineering and construction industry.
- 2) The firm must be able to demonstrate that the staff it would assign to this project possesses the ability to lead and manage work teams that are multi-disciplinary and multi-functional. In addition, proposing firms must be able to demonstrate that they possess the ability to develop, monitor, control and manage changes in a project's scope, time, resources, cost and risk.
- 3) This RFQ contains, in general terms, the overall objectives of the District in obtaining the service of a consultant. While an attempt is made to describe the general expectations of the District and the anticipated work to perform, the District and the successful firm will need to define a more specific scope of work and fee schedule as part of a negotiation process.
- 4) If it becomes necessary to revise any part of this RFQ, written amendments will be provided to all potential firms proposing.
- 5) All costs related to the preparation of the Statement of Qualifications and any related activities are the sole responsibility of the prospective firm. The District assumes no liability for any costs incurred by perspective firms throughout the entire selection process.
- 6) The District is an Equal Opportunity Employer. Prospective firms will commit to meet the nondiscrimination and equal employment requirements of the State of North Carolina. Minority and Women Owned Businesses are encouraged to submit a SOQ.

- 7) Each firm providing a proposal for consideration by the District is responsible for obtaining the information on the conditions and restrictions involved in meeting the obligations and providing the services as set forth in this RFQ. The failure or omission of a firm to obtain adequate information will in no way relieve the firm of any obligation with respect to this RFQ or to an associated contract.

**Form of Proposal/Qualifications**

- 1) Proposals must be submitted by the date and time outlined in this RFQ. Late proposals will not be accepted. One (1) original and four (4) copies of the firm's proposal must be submitted. All proposals and supporting materials should be enclosed in a sealed envelope, properly marked, with the proposal number on the front of the envelope. All proposals must be valid for a period of one hundred (120) days after opening. Firms may be asked to interview with the District to discuss any portion of their proposal and/or their project approach before a decision is made concerning responses to this RFQ. All submitted responses will be retained as property of the District and will not be returned.
  - a) **The proposal must contain a handwritten signature of an authorized representative of the responding firm.** Responding firms will not be allowed to make any changes or corrections after proposals are submitted to the District.
- 2) General Information
  - a) Provide the firm name, address, telephone and fax numbers of the headquarters office, and, if applicable, the branch office designated for this project.
  - a) Provide a general description of the capabilities of your firm, including information related to its history, size, principals, professional staff and structure.
- 3) Experience and Personnel
  - a) Identify and describe projects your firm has completed which are similar in scope to this project within the past five (5) years.
  - b) Describe the experience of the firm with administration and reporting of with loans and grants from various agencies, particularly with the North Carolina State Revolving Fund.
  - c) Describe the personnel who will be assigned to this project. Indicate their specific role in these projects and experience in similar projects. Identify the person who is expected to be the primary contact.
  - d) Provide three (3) references, including addresses and phone numbers of clients for whom your firm has completed similar projects (preferably municipalities).
- 4) Approach
  - a) Technical Approach - Based upon the information presented herein, provide a description of the overall approach the firm will take for this project, and list the specific services that will be provided.

## **RFQ – Cleveland County Water- Town Of Grover Interconnection**

The description should delineate specific tasks to be undertaken in each phase. In addition, the technical approach shall include how your firm will interact with the applicable regulatory agencies and complete the necessary steps in securing all permits for the project.

- b) Management Plan - Describe the management plan to be used, including staffing configurations. Provide assurance that the personnel needed to complete the projects in a timely manner are available.
- c) Quality Assurance - Describe the necessary steps that will be taken by your firm's management and staff to insure and provide the best quality product to the Cleveland County Water- Interconnection with Town Of Grover project.
- d) Please provide a proposed schedule for each project, including the starting and completion dates for all major services.

### **Summary of Proposal Contents**

In summary of the minimum requirements, all proposal responses should include, but not be limited to, the following information:

- 1) A letter of introduction and interest identifying the firm.
- 2) A detailed summary of the firm's relative experience with references and contact information.
- 3) Identification of all individuals who will be assigned by the firm to work on these projects to include a detailed summary of each individual's professional credentials and relevant experience. This should also include a summary of qualifications and relevant experience of all subcontractor personnel if applicable.
- 4) A detailed discussion of the projects approach that indicates an understanding of the goals and requirements of this RFQ with specific reference as to how the firm would propose to accomplish the work items described.
- 5) Proximity of key project members to the Cleveland County, North Carolina area.
- 6) Other information that the proposing firm may wish to include.
- 7) Proposals and supplemental information should be limited to no more than ten (10) pages of material, front and back included. A cover letter with the submission of your proposal does not apply towards the proposal page limit.

### **Selection Criteria and Process**

Proposals will be evaluated and reviewed by the District for final selection. This evaluation may include discussions with all or some of the firms providing responses including the possibility of interviews if necessary.

## **RFQ – Cleveland County Water- Town Of Grover Interconnection**

Proposals will be considered based upon the documented qualifications and applicable experience of the firms proposing. It is anticipated that the successful firm and the District will work together to develop a more detailed scope of work with activities and issues to be addressed to include identification of specific project goals and schedule milestones.

Listed below are some of the criteria that may be used in the selection process.

- 1) Evaluation of the firm's ability to successfully complete all requirements as specified in this Request for Qualifications.
- 2) Demonstrated experience with similar projects involving the public sector (local governments) of similar size and organization.
- 3) Demonstrated understanding of the projects and abilities of the firm to successfully complete the expected scope of work on schedule and within budget.
- 4) Examination of how the firm will propose to accomplish project objectives (use of innovative methods, unique approaches, reasonableness of proposed approach).
- 5) Familiarity of region and other factors determined to be relevant.
- 6) Interviews with Firms (If needed)

### **Certificate of Insurance**

Once selected, the firm hired to provide the services referenced in this RFQ will be required to provide proof of insurance to include professional liability, workers compensation, employer's liability, general liability and auto liability on a certificate of insurance form prior to commencing work. A copy of this RFQ's title page properly signed to include the manual signature of an authorized representative of the firm and all appropriate address and contact information as listed on this form.

### **Project Funding and Proposed Schedule**

This project will be funded through a \$100,000 Hurricane Helene Disaster Funding Grant for Technical Assistance and Design Regionalization. Project No. HEL-RTA-03

**END OF REQUEST FOR QUALIFICATIONS**
